*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Financial),—dated 22nd October 1885.*

2. Under "*Receipts*," the revised estimates, now submitted, exhibit but slight alterations.

3. On the side of expenditure, the charge under "*Head Office*" has been reduced only by Rs. 3 per mensem. It is, however, understood that early steps will be taken to reduce the large Municipal establishment in the District office to the limit specified in para 7 of the Dewan's Proceedings No. 1897-1902—64 of the 30th June last.

4. Under "*Public Works*," Rs. 200 had been entered in the original Budget of Channagiri for removing silt, &c., from the Balasokere tank. Besides this, it is now represented that the construction of a reservoir by building a bund with sluice across the tank is necessary, and that the towns-people are willing to subscribe Rs. 150 for the work for which an estimate amounting to Rs. 313 has now been submitted, provision having been made on this account in the revised budget of the town for Rs. 163, being the difference between the estimated cost of the work and the amount of the anticipated subscriptions. The estimate is sanctioned and the provision made for it passed.

5. The revised Budgets are sanctioned.

R. VIJAYINDRA RAO,
Secretary.

To—The Deputy Commissioner, Shimoga District, returning the sanctioned estimate for repairs in Channagiri.

The Comptroller with copies of the revised Budgets and their details and copy of abstract of the sanctioned estimate.

The Educational Secretary,

The Police Secretary,

The Secretary, Public Works Department, } for information.

The Senior Surgeon,

PART I. GENERAL.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(General),—dated 10th October 1885.*

from the Superintendent, Mysore Government Press, To the Secretary to the Dewan of Mysore,
No. 222, dated Bangalore, 25th September 1885.

I have the honor to submit my annual statement of receipts and charges of the Mysore Government Press for the year 1884—85, and to report thereon.

2. It will be observed that the total estimated value of the work done for the Mysore Government, according to the established scale of rates, amounted to Rs. 35,252-14-6 and the expenditure to Rs. 25,200-6-1. Deducting from this, the cash earnings, Rs. 3,262-0-2, the net charge to Government is Rs. 21,938-5-11, leaving a nominal profit or saving of Rs. 13,314-8-7, independent of the addition to the permanent stock to the value of Rs. 3,193-14-7, as indicated in the margin.

3. The value of the work was on the whole Rs. 2,840 more than in the previous year. The increase was due to a larger quantity of work being executed for some of the departments during the year under report, as shown in the subjoined table:—

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(General),—dated 10th October 1885.*

In Appendix A to the statement is given a summary of realizations on account of work performed for the Resident's Offices, the Civil and Military Station and Coorg, for Municipalities and individuals, from which it will be seen that out of Rs. 5,112-10-0 inclusive of the arrears of 1883—84, a sum of Rs. 4,446-13-10 was recovered during 1884—85, leaving a balance of Rs. 665—12—2 on 31st March 1885. Of this, Rs. 117—5—1 have been realized up to date, the difference of Rs. 548—6—10 being due on certain Canarese works printed at actual cost on account of private authors (see margin) under the special sanction of Government. Steps have been taken for early recovery of these outstandings.

4. The total expenditure during the year, Rs. 25,200—6—1, is summarized under the following heads.—

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Judicial),—dated 22nd November 1885.*

HEAD,—

Letters, No. 2720—65, dated 1st October 1885, and No. 2794—66, dated 8th October 1885, from the Chief Judge in Mysore.

No. 4691-2—35, DATED 22ND NOVEMBER 1885.

ORDER THEREON.—The revision of the establishment of the Chief Court, as proposed in the above read letters of the Chief Judge, is sanctioned with effect from 1st January 1886. The revised establishment costs Rs. 2,472 per month exclusive of personal allowances to the Registrar and the Deputy Registrar amounting to Rs. 150 per mensem.

2. The Dewan would, if possible, like to avoid the necessity of retiring the officials named in the last para of the Chief Judge's letter of 1st October last, as evidently they have not completed service for half pension. It may probably be practicable to employ such of them as may be fit for further employment in connection with the proposed reconstitution of Districts.

3. A statement of the establishment as revised will be forwarded to the Comptroller.

REVENUE.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 17th November 1885.*

CAMP No. 1449—59, DATED MYSORE, 17TH NOVEMBER 1885.

ORDER.—Ryots in inam villages are entitled to be treated in the same way as ryots in Government villages. In surveyed taluks, the toddy contractor is not entitled to draw toddy from trees situated in occupied lands without the occupant's permission, whether the land is situated in an inam or Government village. The contractor is however not expected to pay a rent to an occupant in an inam village for drawing toddy from trees on his inam land, and at the same time to make to the inamdar the usual payment on account of toddy revenue. The inamdar must settle with his own ryots for the contractor drawing toddy from trees on the lands of such ryots, and failing such settlement, the contractor shall be entitled to deduct any payments he is obliged to make to such ryots from the toddy revenue payable to the inamdar.

Secretary.

No. 4677-85—165, DATED 22ND NOVEMBER 1885.

CIRCULAR.—The Deputy Commissioners and Sub-Division officers are requested to report if any and what postponements of khists are required this year in parts of their Districts, owing to the late crops of the year.

The recommendations should be supported by a statement, as regards each Taluk, showing the probable time of harvest in ordinary years as well as in extraordinary years such as the current one.

No. 4686-90—166, DATED 22ND NOVEMBER 1885.

ORDER.—By Proceedings No. 4358—90, dated 27th October 1884, four students who had passed from the Madras Agricultural College were appointed as Agricultural Inspectors for the Bangalore, Kolar, Tumkur and Mysore Districts. One of them, Venkatadasappa, Agricultural Inspector of the Tumkur District, has since rejoined the College to study Veterinary Surgery. Appointments of Agricultural Inspectors have thus to be made for the Tumkur, Shimoga and Kadur Districts.

2. The marginally noted students who have passed from the Madras Agricultural College are appointed Agricultural Inspectors on Rs. 30 each per mensem; and the Inspector General of Forests and Plantations is requested to employ them in the Districts above named, in the manner indicated in para 1 of the Order of 27th October 1884.

READ AGAIN—

Letter No. 1078—789, dated 26th December 1883, from the Deputy Commissioner of Shimoga, and
Proceedings of the Dewan No. 5438—204, dated 21st January 1884.

READ ALSO—

Letter No. 743—558, dated 17th September 1884, from the Deputy Commissioner of Shimoga.

No. 4920-7—30, DATED 25TH NOVEMBER 1885.

ORDER THEREON.—The first question raised in the correspondence read above is whether inam land included in lands granted under gold mining leases should be treated as Government unalienated land and charged with the full assessment or as alienated land free, (in whole or in part,) from liability to the Government land revenue. Upon this question, there can only be one opinion, namely, that *enfranchised* alienated land, the right to which has been acquired by the grantee of a gold mining lease, cannot be treated in his hands as Government unalienated land, nor can it be charged with assessment; it must continue to be exempt from land revenue, either in whole or in part subject to a quit-rent, in accordance with the terms of the inam settlement. (*Vide* para 3 of Notification, dated 26th July 1881.) It is reported that, in leases granted before July 1882, full assessment is charged on all inam lands included in such leases. This error should now be corrected, and such lands should be treated as inam subject to the jodi or quit-rent, if any. Any excess already recovered should be either refunded to the lessee or he should be given credit for the amount of such excess in the land revenue demand for subsequent years.

2. Another question raised by the Deputy Commissioner of Shimoga relates to unenfranchised and temple and other service inams, included in gold mining leases and acquired by the grantees of such leases. In the case of these inam lands, their alienation by the inamdars cannot be recognized, and their inam tenure should be resumed and the lands charged with full land revenue assessment.

3. Messrs. Wilson and Co. represent that the demand on account of land revenue is found, in the present state of mining operations in the Shimoga District, to press hard upon the Company and they solicit some help by way of remission of the land revenue. The Dewan has given the subject his careful consideration and is willing to show some consideration to the Company in the direction indicated, as the gold mining industry in the Shimoga District has not yet passed beyond a stage more or less experimental. The Dewan accordingly sanctions remissions of land revenue to the grantees of gold mining leases in the Shimoga District as follows:—

1st.—Land revenue on unarable land to be remitted till the 31st March 1886.

2nd.—Land revenue on arable land not actually cultivated to be remitted till the 31st March 1885.

4. The Deputy Commissioner of Shimoga will at once settle the land revenue account of Messrs. Wilson and Co., in accordance with the foregoing orders, and submit to this office a statement showing, on account of each year, under the different heads shown in the accompanying statement, full information regarding the demand, collection, remission, as above, and balance if any. He will also call upon Messrs. Wilson and Co. for the early payment of any balance due by them up to date, and furnishing them at the same time with a statement showing the full demand on account of the current and future years.

5. The remission granted by the foregoing orders will not be any ground for a claim for a refund.

Secretary.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 25th November 1885.*

READ—

Letter No. 170, dated 27th May 1885, from the Superintendent, Mysore Revenue Survey, recommending that the Survey Settlement of the occupied "Kans" of the Sagar Taluk which lapsed on the 1st April last, may be extended to a further period continuous with the 30 years' lease granted in the Taluk generally and recommending certain modifications of the existing "Kan" Rules as proposed by the Deputy Commissioner of Shimoga.

CAMP No. 1490—91, DATED MYSORE, 25TH NOVEMBER 1885.

ORDER.—The working of the rules contained in the late Chief Commissioner's Notification No. 16, dated 15th April 1879, regarding the rights of occupants of kans in the Nagar Malnad Taluks has been found, as reported by the Deputy Commissioner, to be attended with considerable inconvenience.

2. Para 2 of these Rules is very indistinct, but it is quite clear that the intention was to give the kan-holder the right to lop unreserved trees for soppu and to prohibit only (a) his lopping reserved trees for soppu and (b) his felling any tree whatever for timber. Again Rule 1, which permits the removal of undergrowth, must also permit the thinning of top branches when really required for the growth of the pepper vine. Some of the kans have been measured, up to the house of the kan-holder and in a few cases the house itself has been included in the kan. It is necessary to leave him the free use of a strip of land round his house.

3. Under such circumstances, the Dewan directs the accompanying Notification, containing the revised Rules regarding the rights of occupants in kans, be published in the official Gazette. He hopes that these Rules will be found to remove all reasonable ground for complaint from the ryots of the Nagar Malnad Taluks, whose representatives at the Dasara Meetings have every year appealed to the Government for a less stringent arrangement.

4. The kan-holder's request that he may be permitted to lop reserved trees for "Soppu" and that he may be authorized to dispose of the toddy to the public cannot be entertained, the former, because it would injuriously affect the good growth of trees which are reserved and the latter, because it would materially prejudice an important item of Government revenue.

5. The settlement of the kans in the Sagar Taluk introduced in 1879 was for a term of 5 years, which expired on 31st March 1884. The continuance of that settlement till the expiry of the 30 years' settlement of the Sagar Taluk, is sanctioned as recommended by the Superintendent of Revenue Survey.

R. VIJAYINDRA RAO,
Secretary.

To—The Superintendent, Revenue Survey.
The Deputy Commissioner, Shimoga District.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 25th November 1885.*

NOTIFICATION.

No. 1492.

Dated Camp Mysore, 25th November 1885.

In supersession of the rules contained in Notification No. 16, dated 15th April 1879, issued by the Secretary to the late Chief Commissioner, the following Rules regarding the rights of occupants of kans in the Nagar Malnad Taluks are published for the information and guidance of all concerned :—

Rule 1.—The occupant of a kan has the right to tap toddy trees, subject to the Abkari Rules, and to cultivate pepper, also to collect gum and honey and all jungle produce ; he may further collect leaves (soppu) for manure for use in the kan itself, and cut underwood and thin out top branches to the extent absolutely necessary for securing the growth of the pepper vine.

Rule 2.—The kan-holder has the right to lop unreserved trees growing in the kan for soppu to be used in the kan itself.

Rule 3.—Where a kan extends to within 50 yards of the kan-holder's house, he has the right to fell any unreserved trees, or to lop for soppu any reserved trees, which may be growing within 50 yards of his house on any side. Within those limits he is allowed full liberty to plant any trees or carry on any cultivation whatsoever. The soppu lopped under this Rule must be used within the kan itself.

Rule 4.—Except in the cases covered by the foregoing Rules, the kan-holder has, as regards trees growing in the kan, no right, either

(a) to fell or injure any timber whatever, reserved or unreserved,

or (b) to lop for "Soppu" or otherwise to injure or interfere with, any reserved tree.

If, in violation of this rule, he cuts or injures the timber of any tree, or lops for "Soppu" or otherwise injures any reserved tree, the terms of the tenure of the kan shall be considered to have been broken and the kan shall be resumed, the offender being further liable to punishment for breach of the Forest Rules.

Rule 5.—The kan-holder has no right to plant coffee in the kan and infringement of the conditions of the kan tenure by planting coffee will render the kan liable to be resumed.

PART I. GENERAL.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(General),—dated 22nd November 1885.*

No. 4693-4706—167, DATED CAMP MYSORE, 22ND NOVEMBER 1885.

ORDER.—It is proposed to re-constitute the following Taluks in lieu of the existing Sub-Divisions of Taluks :—

- (a) Malur in the Kolar District.
- (b) Devanahalli in the Bangalore District.
- (c) Malvalli in the Mysore District.
- (d) Arkalgúd do do
- (e) Kankuppa in the Chitaldroog Sub-Division of the Tumkur District.

2. It is also in contemplation to re-constitute the following Districts, namely :—

Chitaldroog District,—comprising the Taluks of Chitaldroog, Kankuppa, Davangere, Hiriur, Chellakere and Holalkere, and possibly of Pavagada.

Hassan District,—comprising the Taluks of Hassan, Manjarabad, Belur, Arsikere, Holé-Narsipur, Arkalgúd, Channarayapatna, Attikuppa and Nagamangala.

On forming these Districts, it may be advisable to re-transfer the Kunigal Taluk from Bangalore to Tumkur District.

3. These changes in Districts may possibly render some changes of boundaries desirable in the following Taluks :—

- | | |
|-----------------|--------------------|
| (a) Davangere. | (f) Holé-Narsipur. |
| (b) Pavagada. | (g) Attikuppa. |
| (c) Manjarabad. | (h) Nagamangala. |
| (d) Belur. | (i) Arkalgúd. |
| (e) Arsikere. | (j) Kunigal. |

4. The changes of Taluk boundaries will be attended with some inconvenience, and the Dewan is not prepared to sanction such changes unless shown to be absolutely required.

5. The Deputy Commissioners and Sub-Division Officers are requested to study the subject carefully from all points of view, to consult the Amildars and Deputy Amildars concerned, and at an early date to submit their reports on the changes they consider to be absolutely necessary. The reports should be accompanied by carefully prepared maps explaining all changes proposed. For Taluks for which Revenue Survey or Topographical Survey maps have not been issued, tracings from the Ordnance maps should be used.

6. The revision will not take effect before the close of the official year.

R. VIJAYINDRA RAO,
Secretary.

To—All Deputy Commissioners and Sub-Division Officers for information and guidance.

The Secretary, Public Works Department, for information.

Secretary.

To—The Deputy Commissioner, Mysore District.
The Deputy Commissioners of other Districts.
The Sub-Division Officers.
The Comptroller.

READ—

Letter No. 1269, dated 25th February 1885, from the Deputy Commissioner, Bangalore District, submitting for orders a deed of mortgage received from the Sub-Registrar, Town of Bangalore, for the certificate of deficient stamp duty and penalty recovered by him.

No. 4381-9—176, DATED 24TH NOVEMBER 1885.

ORDER THEREON.—The Civil and Military Station of Bangalore is not a part of British India, but is a part of the Territories of Mysore, which is administered by the British Government.

2. The law regulating the relation of Mysore to British India in matters of stamp duty, extradition, transfer of prisoners for testimony, &c., does not govern the relation of Mysore to the Civil and Military Station at Bangalore.

3. In the case under reference, the stamp duty is paid by a Mysore stamp, and must be accepted as far as it goes, and only any deficient stamp duty chargeable therein together with the prescribed penalty should be recovered.

READ—

The following Extract from Mr. Rice's Memorandum, dated 28th October 1885:—

"I am asked for a brief report of the researches on which I am engaged. I have made two tours this year after inscriptions. The first tour was from January 20th to March 27th and lasted 66 days, in which time I visited 140 villages, and obtained copies of about 400 inscriptions. My route was through Dod Ballapur, Tumkur, Gubbi, Tiptur, Chiknayakanhalli, Arsikere, Channarayapatna, Nagamangala, Kunigal and Magadi Taluks.

Some important grants of the Ganga kings, both copper and stone, were obtained; also numerous data for fixing the reigns of the Hoysala kings, which are not exactly known. Complete sets were taken of the inscriptions at Halébid and of the Jain inscriptions at Sravan Belgola.

My second tour was from June 25th to September 12th, or (deducting a week in Bangalore) 72 days. I visited 252 villages and obtained copies of over 600 inscriptions, all in the Betmangala, Kolar and Mulbagal Taluks, and there are still about 120 to see in those taluks alone.

For this tour, I had to learn the Grantha character, which I can now read with ease. Some very valuable grants were obtained, both copper and stone, of the Mahavali or Bana, and the Pallava kings. Also much new information about the Cholas, Gangas and Hoysalas, and the changes of Government in that part. A real statue of Budôha was discovered, the only one I know of, in Mysore. The traces of Tamil in the Kannada of that side are rather interesting, as also of Kannada in Tamil.

The materials collected in these tours alone will take a long time to work up into shape. I am much in want of some one who knows Sanskrit and also old Tamil to explain many things, which no one that I have met with can understand.

Any young men whom it is proposed to place under me for training in deciphering inscriptions should be competent Sanskrit scholars and well acquainted with Halé Kannada, or with old Tamil. When the vast number of inscriptions is considered, it will be evident that a staff of trustworthy copyists would be a great help. They should write good hands; if they know English, this will be no objection; quite the reverse. They should have good sight, and be able to ride well, and generally must be sharp and active men with good health and ready to stand a good deal of knocking about; a knowledge of drawing, sketching or photography would be of great help.

I intend going out again early next month, as soon as the rains seem over, for another tour of 3 or 4 months. I am inclined to think by Anekal, Kankanhalli and round the south may produce good results. These parts have not been so much explored as the north-west."

No. 4804-10—172, DATED BANGALORE, 26TH NOVEMBER 1885.

ORDER THEREON.—The Government note with satisfaction the very good progress made by Mr. Rice in the Epigraphical researches with which he is engaged. Mr. Rice will be requested to submit definite proposals regarding the strength and cost of the small subordinate establishment required by him in connection with the deciphering and editing of the ancient inscriptions of Mysore. The opportunity should be taken of employing such young men as will be able under his guidance to devote their attention to a critical study of Epigraphy.

The Deputy Commissioners of Districts.

PART I. PUBLIC WORKS.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Public Works),—dated 12th November 1885.*

Note, dated 11th April 1885, by Public Works Secretary on the Preliminary
Issue of the Public Works Department Budget Estimates
for 1885—86.

PROVINCIAL BUDGET.

The grant for this budget has been fixed at 9½ lakhs as desired by the Dewan. The amount is the same as that for last year. The distribution of this sum, compared with that of last year, will be found in the abstract statement pages 2 and 3.

2. *Original Works.*—Under the head “Military,” Rs. 20,000 has been provided for the works entered in page 10. A larger allotment is desirable, but the total budget grant will not admit of it. The head “Military” has been omitted for some years past under the orders of the Government of India, as the funds for these works were formerly provided from the Civil budget. As the funds are now given from Provincial, the head is again entered.

3. Under “Civil Buildings,” Rs. 1,55,000 has been provided or an increase of Rs. 1,05,000 on last year’s provision, Rs. 95,000 for Palace works and Rs. 10,000 for ordinary works. The increase of Rs. 10,000 is necessary to allow of the construction of several new buildings which are very much required. The details of these works are entered in pages 11 to 13.

4. The charges under “Irrigation” have been entered in the Provincial Irrigation Fund budget. Remarks in detail will be found under that budget; it is only necessary to state here that a grant-in-aid of Rs. 3,15,000 has been made from Provincial to the Irrigation Fund, Rs. 2,52,000 for Works and Rs. 63,000 for Establishment. A larger grant is very desirable, but the total grant of 9½ lakhs will not admit of it.

5. Under “Communications,” a reduction of Rs. 10,000 has been effected as desired in para 7 of the Dewan’s Proceedings No. 2902—20, dated 28th July 1884, passing orders on the Public Works budgets for 1884—85. A larger reduction has not been found practicable at present without putting a complete stop to new works.

6. The provision under other heads remains the same as for last year. Under “Miscellaneous Public Improvements,” the allotment of Rs. 30,000 is much too small for such large works as the Bangalore and Mysore Water Works and Drainage schemes. To provide larger allotments, a great reduction in the grant-in-aid to the Provincial Irrigation Fund budget would have to be made. Any such reduction is quite out of the question; a grant-in-aid of ½ lakh is therefore requested for these works from Local Funds General. The condition of these funds is at present very satisfactory, their estimated assets on the 1st April 1886 is no less than Rs. 2,70,000 in round numbers, so the grant-in-aid of ½ lakh applied for is not excessive.

7. The orders contained in para 4 of the above quoted Proceedings, regarding “Reserve,” have received attention, and only Rs. 13,500 have been provided under this head for minor works.

8. *Repairs.*—The allotments under all heads are nearly the same as those for last year. Under “Communications,” the transfer of the Shimoga-Mangalore road and the Agumbe Ghat to District Funds for maintenance has been made in accordance with the instructions contained in para 9 of the Proceedings dated 28th July 1884. The transfer has effected a saving of Rs. 11,600, but as Travellers Bungalows’ establishment charges are in future to be borne by the Provincial Public Works budget under “Communications,” no reduction in that head is at present practicable. The transfer of the Tarikere-Mangalore road would have been made, but the District Funds of Kadur will not admit of it, as will be seen from the remarks under the District Funds budget. The total number of miles of Provincial road proposed to be maintained during the year is 1,067 and the average rate per mile is Rs. 152 or Rs. 4 per mile less than last year.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Public Works),—dated 12th November 1885.*

9. *Establishment*.—There is an increase of Rs. 18,000 under this head ; it is explained under “ General Remarks.”

DISTRICT FUNDS BUDGETS.

The grants have been fixed in accordance with the instructions contained in para 3 of the Dewan's Proceedings No. 2669-80—61, dated 25th July 1884. That is, the grants have been in each case limited to the estimated annual income, less the amounts of the estimates furnished by the Comptroller.

2. It has been proposed to transfer the Travellers Bungalows' establishment to the Public Works Department; the charges under this head have therefore been deducted from the estimates furnished by the Comptroller which include them, *vide* abstract statement, pages 6 and 7. This statement also shows the state of the Local Funds General and Provincial Irrigation Fund.

3. The total amount of the District Funds Budgets is Rs. 3,65,000, or Rs. 84,000 less than that of last year. The decrease is due to the amount of each budget having been limited to the annual estimated income in accordance with the Proceedings, dated 25th July 1884.

4. In carrying out these orders the result is, as regards Mysore and Kadur Districts, that absolutely no funds are available for original works, that in the case of Mysore, even the allotment for repairs has had to be cut down, and that in the case of Kadur, the transfer of the present Provincial Tarikere-Mangalore road to District Funds for maintenance, has not been made, though very desirable and necessary, *vide* para 9 of the Dewan's Proceedings No. 2902—20, dated 28th July 1884.

5. To get over these difficulties and to allow of some original works to be carried out, the grants for Mysore and Kadur should be both increased by Rs. 10,000. The balance at the credit of these Districts will admit of this increase for the current year and for 2 or 3 more years to come, but eventually some means must be adopted to permanently increase the incomes of these 2 Districts to enable the required grants to be made annually without the District Funds getting into debt.

6. The orders above quoted have also so reduced the grants that scarcely any funds are available for the construction and repairs of Dispensaries and 3rd class Travellers' Bungalows. With the concurrence of the Examiner, it is proposed to debit all charges incurred on these works in future to the Provincial budget. They are the only buildings, the expenditure on which is at present charged to District Funds, and the proposal will do away with the necessity of having more than one set of accounts connected with these works.

7. The detailed estimate of Establishment and other charges audited by the Comptroller has been omitted this year. These charges are in no way connected with the Public Works Budgets and there is no reason to include them. They were formerly included when the Revenue officers carried out District Fund works, and the practice was continued even after the transfer of these works to the Public Works Department, apparently by an oversight, perhaps simply because it had been the custom to do so.

8. *Establishment* has been charged at the same rate as last year or 20 per cent on the total of the budget grant.

PROVINCIAL IRRIGATION FUND BUDGET.

The grant from the Provincial Irrigation Fund has been fixed in accordance with the instructions contained in para 4 of the Dewan's Proceedings No. 2669-80—61, dated 25th July 1884. The amount is Rs. 1,85,000.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore
(Public Works),—dated 12th November 1885.*

2. The total grant for Irrigation including the grant-in-aid of Rs. 3,15,000 from Provincial Funds, is 5 lakhs against 4 lakhs for last year. In the current year's budget however no provision for "Original Works" has been made, as was done last year in the Provincial budget. The Provincial Irrigation Fund Budget is complete in itself and provides for irrigation works under all heads.

3. The total provision for works is Rs. 4,00,000 against Rs. 4,28,000 made last year. The latter grant was however not worked up to by some Rs. 85,000; therefore for the present the provision made is considered sufficient.

4. The Dewan has recently requested that works of irrigation be extended somewhat in the northern taluks of the Province, and has stated that additional funds will be provided if required. Application for such additional funds, as may be found necessary, will be made later on in the year.

5. The orders contained in paras 16 and 17 of the Dewan's Proceedings No. 2902—20, dated 28th July 1884, have received careful attention as far as it is practicable to do so. No less than 75 per cent of the sum allotted for works has been set aside for original works, or a sum of 3 lakhs. Of this sum, Rs. 30,000 or 10 per cent has been allotted to "Reserve," the balance is distributed to the several works entered in detail in pages 20 to 29. The amount under "Reserve" may appear to be still high, but it must be remembered that it is divided amongst 9 Divisions and Ranges. The works entered in detail have been carefully selected by the Public Works officers in communication with the Revenue officers.

6. Under "Repairs," one lakh is provided for works. Of this sum, about Rs. 32,000 are required for the annual repairs of channels, the details of which are given in page 44. The balance has been distributed to the several Divisions and Ranges, *vide abstract statement*, page 5. The sum scarcely amounts to Rs. 1,000 for each taluk, and it will probably require to be increased later on in the year.

7. The charges for Establishment are fixed at the same rate as for District Funds works, or 20 per cent on the total budget grant.

General Remarks.

A grant of one lakh has been given for the extension of His Highness the Maharaja's Palace at Bangalore and other buildings connected therewith. This amount has been treated as a grant-in-aid to the Provincial Budget in accordance with para III of Dewan's Proceedings No. 1927-50—356-79, dated 17th April 1885.

2. The Provincial grant of 9½ lakhs will not admit of any increase in ordinary irrigation works as desired by the Dewan recently. Steps have been taken for the preparation and submission of a larger number than usual of estimates for these works, and when the expenditure warrants it, application will be made for more funds.

3. *Establishment.*—One and the same establishment supervise and carry out the works of all the budgets as has been the case hitherto. The total charges are Rs. 3,40,000 or Rs. 21,000 in excess of those of last year. The charges are distributed as follows :—

	Rs.
District Funds at 20 per cent ..	73,000
Provincial Irrigation Fund at 20 per cent	1,00,000
Provincial Fund balance at 26½ do..	1,67,000

Total.....3,40,000

The shares to the above budgets are approximately 21, 30 and 49 per cent respectively, and the establishment charges will be debited monthly in these proportions as was done last year.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Public Works),—dated 12th November 1885.*

4. The total charges are 22 per cent on the total grant of 16 lakhs, that is 2 per cent higher than they were last year. This is due to the above mentioned excess of Rs. 21,000 which is distributed as follows :—

	Rs.
(1) Direction—an excess of ..	4,000
(2) Construction— do ..	20,000
(3) Accounts—a saving of ..	3,000
Net Excess Rs. . . .	21,000

5. Under (1) "Direction," the excess is due to the promotion of the Superintending and Assistant Superintending Engineers, to the appointment of a Native Assistant Engineer to the Head office and to a slight increase in the office establishment. The excess would have been greater but for the savings under special establishment which has not been entertained.

6. Under (2) "Construction," the excess is mainly due to the transfers of 3 Engineers from the Railway Branch, to the entertainment of 2 new Apprentice Engineers, to the formation of the new Palace Division, to the conversion of the Kolar Range into an Executive Division, and to the provision made for extra establishment required for Amildars.

7. Under (3) Accounts, the savings are due to the partial amalgamation of the Examiner and Comptroller's offices having been already effected as ordered in Dewan's Proceedings No. 34-3662—81, dated 8th September 1884.

8. A statement of establishment charges taken from the budgets of the past

Years.	Budget Estimates.			Percent- age of Establish- ment to Works.
	Works.	Establish- ment.	Total	
1880—81	12,23,550	4,19,108	16,42,658	34
1881—82	11,33,049	4,13,617	15,46,666	36½
1882—83	10,73,300	3,72,100	14,45,400	35
1883—84	11,70,000	3,37,000	15,07,000	29
1884—85	12,30,000	3,19,000	15,49,000	26
1885—86	12,60,000	3,40,000	16,00,000	27

5 years is appended. It will be seen that in spite of the excess of Rs. 21,000 for the current year, the charges are only one per cent above those of last year, which was by far the lowest of them all.

Note, dated 26th October 1885, by Public Works Secretary on the Final Issue of the Public Works Department Budget Estimates for 1885—86.

PROVINCIAL BUDGET.

I. The grant for the Provincial Budget of 1885—86, was originally fixed at 9½ lakhs, in accordance with the orders of the Dewan, who has since ordered that it should be raised to 12 lakhs, or by 2½ lakhs. The distribution of this sum compared with that of last year will be found in abstract in page 2.

II. *Original Works.*—In the Preliminary issue, a sum of Rs. 20,000 was provided under "Military;" it has now been increased to Rs. 27,000. The increase is due to an allotment of Rs. 10,000, instead of Rs. 3,000, having been provided for the proposed extension of the Siladars' Stables at Bangalore, at the request of the Executive Engineer, who represents that the original allotment of Rs. 3,000 would only admit of collection of materials. The necessity for this work has been repeatedly urged by the Military Secretary.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Public Works),—dated 12th November 1885.*

III. Under "*Civil Buildings*," 5 works previously entered have been struck out, as they are not of an urgent nature, and can conveniently be left over for the present. On the other hand, the allotments for some of the other budget works, have been increased as they have been found insufficient, and some new sanctioned works have been entered. The modified grant under this head amounts to Rs. 1,83,000 (inclusive of Rs. 92,500 for Palace works) or Rs. 28,000 more than the provision in Preliminary Issue.

IV. The details for *Irrigation* works have been entered in the Provincial Irrigation Fund Budget. The total charges under this head, which amount to Rs. 5,45,375, will be treated as a grant-in-aid to that budget, viz., Rs. 4,36,300 for works and Rs. 1,09,075 for establishment. Further remarks regarding Irrigation will be found under the head "Provincial Irrigation Fund."

V. Under "*Communications*," the modified grant stands at Rs. 1,07,000, or Rs. 17,000 in excess of the provision originally made. This is due to the increase of allotments for certain works, as requested by Divisional officers, as also to the increase in "Reserves" for minor works, to meet the ascertained requirements of the several Divisions for such works. The Travellers' Bungalows at Dibburhalli and Goribidnur in Kolar District, and at Bherya in the Mysore District, were struck out of the Preliminary Budget, by order of the Dewan, and have therefore not been brought forward in the Final Issue.

VI. Under "*Miscellaneous Public Improvements*," there has been no change, excepting in the "Reserve Grants." The modified total grant stands at Rs. 34,000 against Rs. 30,000 in original budget.

VII. The codal rules which require that the "Reserves" for minor works should not exceed the average outlay of 5 previous years on such works, have not been adhered to, as the small grants thus obtained would be quite insufficient to meet requirements.

REPAIRS.

VIII. Under this head, slight modifications have been made; the grant for Civil Buildings has been increased by Rs. 1,000, and that under "Communications" by Rs. 4,000, these extra grants having since been found to be absolutely necessary. The total grant under "Repairs" now amounts to Rs. 2,70,000 against Rs. 2,65,000 in Preliminary Issue.

DISTRICT FUND BUDGETS.

IX. The grants for the several Districts have been modified in accordance with the revised statement of assets for 1885—86, since furnished by the Comptroller of Mysore, which will be found in pages 6 & 7. The grants aggregate Rs. 3,77,500, or Rs. 12,500 more than those entered in the "Preliminary Issue."

X. In accordance with the suggestion made in para 6 of the Note on the "Preliminary Issue", all charges on account of the construction and repairs of "Dispensaries", "Travellers' Bungalows" and "Musafarkhanas" have been provided for in the Provincial Budget.

XI. The distribution of the grant by service heads and by Divisions is given in pages 8 and 9.

XII. It should be noted that the special grants sanctioned by the Mysore Government from time to time, since the beginning of the official year, from Local

Funds General and the assets of District Funds have not been included in the Budgets. A list of these grants is given below :—

PROVINCIAL IRRIGATION FUND.

XIII. The grant from the Provincial Irrigation Fund Budget is the same as that entered in the "Preliminary Issue," *viz.*, Rs. 1,85,000. As noted in para IV, a grant-in-aid of Rs. 5,45,375 from Provincial Funds has been made, making the total grant for "Irrigation," Rs. 7,30,375. against the original provision of 5 lakhs. It will thus be seen that nearly the whole of the extra grant of $2\frac{1}{2}$ lakhs sanctioned by Government for 1885—86 has been taken for Irrigation works.

XIV. The grants in the Preliminary Budget under Original and Repairs were 3 lakhs and one lakh respectively ; they have been increased to Rs. 3,84,300 and 2 lakhs respectively. The additional funds, Rs. 84,350, available under Original, have been taken to augment the allotments for the works originally entered, and to provide for a few new works. The reserve grants for minor works have also been increased by about Rs. 20,000, as a large portion of those originally provided, aggregating Rs. 30,000, has been already worked out. Under "Repairs," the original provision of one lakh, having been found to be totally insufficient, it has been now increased to 2 lakhs, which will meet all requirements, including the annual and special repairs of channels, for which about half a lakh will be required.

ESTABLISHMENT.

XV. The total charges under this head amount to Rs. 3,47,200, or Rs. 7,200 more than the original provision. This increase provides for the changes under "Direction" and for the promotions in the Engineer and Upper Subordinate establishments, since recommended for the sanction of the Mysore Government.

XVI. The total charges are 19 per cent on the total grant of Rs. 18,62,500, or one per cent less than for 1884—85.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Public Works),—dated 12th November 1885.*

No. 5408-28—1209-29, DATED BANGALORE, 12TH NOVEMBER 1885.

ORDER THEREON.—The Budget deals with grants from four distinct funds,
viz :—

Rupees 12,00,000 from Provincial Funds, <i>i. e.</i> , from the General Revenues of the Province.	
„ 3,77,500 from District Funds.	
„ 1,85,000 from Irrigation Fund.	
„ 1,00,000 from Palace Funds, <i>i. e.</i> , from the personal estate of His Highness the Maharaja.	
Total „ ..	18,62,500

2. *Provincial Funds*.—The grant of 12 lakhs from Provincial Funds is distributed as follows :—

I. For Buildings—

		Rs.	
<i>Original</i> .—For specified works ..	79,900		
For unspecified minor works, Reserve ..	37,600		
		1,17,500	
<i>Repairs</i> .—Unspecified works, Reserve ..	56,000	56,000	
Total Buildings..	..	..	1,73,500

II. For Communications—

<i>Original</i> .—Specified works ..	83,300		
Unspecified minor works, Reserve.	23,700		
		1,07,000	
<i>Repairs</i> .—Estimate at usual mileage rates .	1,61,665		
Reserve ..	42,335		
		2,04,000	
Total Communications ..	..	..	3,11,000

III. For Miscellaneous Public Improvements—

<i>Original</i> .—Water-supply projects for the cities of Bangalore and Mysore.	27,000		
Reserve for minor works ..	4,500		
		31,500	
<i>Repairs</i>	..	5,000	
Total Miscellaneous Public Improvements ..	..	..	36,500

IV. For Tools and Plant 8,000

V. For Establishment 1,25,625

VI. For Grant-in-aid to Irrigation 5,45,375

Total.. 12,00,000

3. The Preliminary Budget provided Rs. 1,35,000 for buildings. This provision has now been increased to Rs. 1,73,500. It is likely to be reduced by an enquiry into the immediate need for a Military Hospital at Bangalore, for the conversion of the Jail buildings at Chitaldroog into Siladar Lines, and for the construction

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Public Works),—dated 12th November 1885.*

of a Deputy Amildar's Cutcherry at Hosdurga—works on which it is proposed to spend during the current year Rs. 11,000.

4. The reserve grant for unspecified works (original and repairs) under both "Buildings" and "Communications" is very considerable, but such portion of it as may not be actually required could, with advantage, be transferred to "Irrigation Works" if found necessary hereafter.

5. *District Funds*.—The grant from District Funds is Rs. 3,77,500, against an actual expenditure of Rs. 3,91,512 in 1884—85. The grant for the current year is distributed as follows:—

I. Communications —

			Rs
<i>Original</i> .—Specified Projects	..	..	40,850
Unspecified minor works	.	..	23,750
			64,600
<i>Repairs</i> .—Estimates based upon mileage rates	..	..	2,04,135
Reserve	..	..	23,165
			2,27,300
Total Communications..	..	..	2,91,900

II. Miscellaneous Public Improvements—

<i>Original</i> .—Unspecified works, Reserve	.	..	7,300
<i>Repairs</i> .—Do	..	..	800
Total Miscellaneous Public Improvements..	..	..	8,100

III. Tools and Plant 2,000

IV. Establishment charges 75,500

Total ...

3,77,500

6. The estimated receipts from District Funds during the current year amount to about Rs. 4,08,500, of which about Rs. 27,000 will probably be required on account of charges in the Civil Department.

7. *Irrigation Fund*.—The grant from Irrigation Fund is Rs. 1,85,000, which, together with Rs. 5,45,375, the grant-in-aid from Provincial Funds, (total Rs. 7,30,375), is available for Irrigation Works throughout the Province during 1885—86. The amount is distributed as follows:—

			Rs.
<i>Original</i> .—For specified works	..	..	3,35,600
For unspecified minor works, Reserve	..	..	48,700
			3,84,300
<i>Repairs</i> .—For maintenance of channels on estimates based upon mileage rates	..	..	31,941
For unspecified works	..	..	1,68,059
			2,00,000
Establishment charges	..	..	1,46,075
Total Irrigation Works....			7,30,375

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Public Works),—dated 12th November 1885.*

8. The amount provided for Original Irrigation Works is rather unequally distributed among the various Public Works Divisions and Ranges, as will be seen from the figures given below :—

			For Specified Works.	For Unspecified Minor Works.	Total.
			Rs.	Rs.	Rs.
Bangalore..	..	..	40,600	4,400	45,000
Kolar	..	..	81,800	8,200	90,000
Tumkur	..	..	77,200	7,800	85,000
Chitaldroog Range	..	..	14,000	6,000	20,000
Mysore	..	..	27,000	5,000	32,000
French Rocks Range	..	..	23,000	4,000	27,000
Shimoga	..	..	28,000	6,000	34,000
Kadur	..	..	23,000	3,000	26,000
Hassan Range	..	..	21,000	4,300	25,300
Total...			3,35,600	48,700	3,84,300

9. The provision for Chitaldroog, Mysore and French Rocks is obviously too small for the requirements of those Districts, and it is hoped that more funds will, as occasion may arise, be hereafter allotted to those Districts from the Reserve under either "Original Works" or "Repairs," which together amount to over 2 lakhs of rupees.

10. It is highly important that as much money as is available should be spent every year on Irrigation Works throughout the Province. When submitting the Preliminary Issue of the Budget, Captain Kensington remarked as follows :—

"The Provincial Grant of 9½ lakhs will not admit of any increase in ordinary Irrigation Works as desired by the Dewan recently. Steps have been taken for the preparation and submission of a larger number than usual of estimates for these works, and when the expenditure warrants it, application will be made for more funds."

An additional grant of 2½ lakhs has since been given for Irrigation Works, and though the utilization of this additional grant to the fullest extent has been somewhat retarded by the unfortunate illness of Captain Kensington, yet the Dewan is confident that, under Major Bowen's energetic direction, every effort will be made to spend during the remaining months of the year as much of the ample funds now available as can be usefully spent upon Irrigation Works.

11. *Palace Funds.*—The grant of one lakh from Palace Funds is devoted exclusively to the extension and improvement of the Palace buildings at Bangalore.

12. With the foregoing remarks the Final issue of the Budget Estimates of the Public Works Department for 1885—86 is hereby sanctioned.

C. BOWEN, MAJOR, R. E.,
Secretary to the Govt. of Mysore,
P. W. D.

To—The Deputy Commissioners of Districts and Assistant Commissioners of Sub-Divisions.
The Examiner, Public Works Accounts,
The Comptroller,
The Executive Engineers, and Assistant Engineers in independent charge.

PART I. GENERAL.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(General),—dated 15th December 1885.*

No. 5334-48—195, DATED 15TH DECEMBER 1885.

ORDER.—Mr. Ricketts was appointed "Inspector General of Police" by orders contained in Proceedings No. 1265—69, dated 27th October 1885. It is now necessary to consider what other duties may advantageously be assigned to him.

2. The reasons which made it desirable to place the Police under a separate officer apply with equal force to the Forest Department also. This department is of very great importance, and formerly it was presided over by a Conservator of Forests. When, after the late famine, the question of reduction of establishments was under

**Vide* para 7 of letter to Chief Commissioner, Foreign Department, No. 1641, dated 6th August 1878.

consideration, the Government of India *expressed the opinion that it would be inexpedient to abolish, at any rate immediately, the appointment of Conservator of Forests in Mysore. The Government of India, how-

ever, approved of the Forest Department in each District being placed under the immediate control of the Deputy Commissioner, and they remarked that "the plan of placing Forest officers in charge of the Forest in civil Districts, and subordinating them to Deputy Commissioners, promises good results. This, at least, is the experience of the Central Provinces and the Bombay Presidency, wherein it has been adopted with advantage. But to ensure similar success in Mysore, there must be a professional head of the Forest administration, to whom the District Forest officers should be subordinate in all professional and departmental matters. Moreover, if the Forests are placed entirely under Deputy Commissioners, there would be risk of their management in the different Districts being regulated on no systematic plan. It would vary according to the individual views of each officer".

3. Subsequently, towards the close of 1878-79, with the permission of the Government of India, the Forest Department as an independent branch of the administration was abolished, and the local Forest officers in each District were placed under the orders of the Deputy Commissioner. And the office of Conservator of Forests being abolished, the late Chief Commissioner directed that, pending the re-organization of the Forest Department, all accounts and periodical, returns, &c., should be submitted to the Secretary to the Chief Commissioner, and that only such references as may be absolutely necessary should be made on important Forest matters. (*Vide* Chief Commissioner's Proceedings No. 3080—3103, R. F. 454, dated 23rd January 1879.) On the rendition of the Province, the supervision exercised by the Chief Commissioner devolved upon the Dewan.

4. The Dewan is of opinion that it would conduce to the efficiency of the Department to place it under the immediate control of an officer who would be able to pay frequent visits to the Forests, and to devote his personal attention to the operations of the Department and to a proper scrutiny of its accounts of income and expenditure. In the maidan portions of the Province, the reserving and proper working of fuel tracts and the rearing of new plantations of useful trees require such attention to details as cannot be expected from the executive head of the administration.

5. Under such circumstances, His Highness the Maharaja's Government are of opinion that it is desirable to appoint an officer to be styled the "Inspector General of Forests and Plantations". The District administration in Forest matters will, as heretofore, vest in the Deputy Commissioner, aided by the present establishment of Forest officers and servants, but the general control of the Forest administration throughout the Province will vest in the Inspector General of Forests and Plantations, through whom the District officers should submit all matters requiring the orders of Government.

6. The existing arrangements for the collection and scrutiny of statistics—agricultural, vital and economic—also require revision. The report of the Indian Famine Commission lays special stress upon all measures connected with the administration of Famine Relief being placed definitely and permanently under some special branch of the Secretariat of every Government, and it recommends the formation in each Province of a special Agricultural Department, the duties of which in ordinary times

***Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(General),—dated 15th December 1885.***

would mainly consist in the collection of facts relating to the condition of the agricultural community and the agricultural produce of the country.

7. In a small Province like Mysore, it is perhaps unnecessary to have a separate Department of Agriculture, but recent experience has shown that it is absolutely necessary to have at the head-quarters an officer of standing and experience who could "collect and deal with the statistical returns relating to the weather, the agriculture, the health and well being of the people, and thus secure the most prompt and accurate knowledge attainable of a probable failure of crops, and of the extent and consequences of any failure that actually takes place." Such an officer may be styled the "Director of Statistics and Agriculture"; and, in ordinary times, he will, in addition to the collection of statistics, devote his attention to the improvement of agriculture and of the breed of cattle; and will exercise a general control over measures required for the improvement and maintenance of tanks and other works of irrigation. He will have charge of all the records of past famines, and will take note of all that is being usefully done or learnt in neighbouring Provinces. "When a famine is thought to be impending," he would supply the Government "with all statistics bearing on the subject and would be responsible for working out from them the conclusions on which the decision as to future action would mainly rest. When a famine is in progress, all the information relating to relief measures, their extent, their cost, their results" would be collected and presented by him to the Government in a "uniform and intelligent manner".

8. The village servants, Shekdars and Taluk establishments should be utilized to the fullest extent possible in the collection of accurate statistics, agricultural, vital and economic,—and the Treasury officer at each District head-quarters should test and compile these statistics for each District. This officer will be subordinate to the Deputy Commissioner of the District, but, as regards the compilation and submission of statistics, he will be specially under the orders of the Director of Agriculture and Statistics, who will be the adviser of the Government on all matters relating to agriculture and statistics.

9. His Highness the Maharaja's Government, however, believe that the work above indicated will not, in ordinary times, be sufficient fully to occupy a separate officer, and they accordingly resolve to combine the office of Director of Statistics and Agriculture, with those of the Inspector General of Police and of Forests and Plantations, and to appoint Mr. Ricketts for combined offices.

10. The creation of these offices will not involve any increased expenditure on account of the subordinate establishments required. The present Police office of the Dewan has already been transferred to Mr. Ricketts, and the Forest and Plantation offices will also be similarly transferred. For statistical work, the requisite number of hands can be transferred from the Dewan's Revenue and Account Department, and the Agricultural Inspectors appointed by Proceedings No. 4358-67--90, dated 27th October 1884, together with those to be similarly appointed in the current year, will be available for work connected with agriculture and plantations in the various Districts.

11. The salary to be allowed to Mr. Ricketts for the combined offices of Inspector General of Police, Inspector General of Forests and Plantations and Director of Statistics and Agriculture is fixed at Rs. 1,500 per mensem, with a fixed travelling allowance of Rs. 150 per mensem, with effect from the date on which he assumed charge of the office of Inspector General of Police.

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(General),—dated 15th December 1885.*

READ—

Letter from the Honorary Secretaries, Rangacharlu Memorial Committee, Mysore, dated 23rd November 1885.

No. 5361-6—196, DATED 15TH DECEMBER 1885.

ORDER THEREON.—Towards the construction of Rangacharlu Memorial Hall at Mysore, the subscriptions collected amount to Rs. 30,839—0—6, while the actual cost of the building amounts to Rs. 48,473—1—11. The Committee who have had charge of the construction of the Hall apply to Government for a donation of the difference, namely, Rs. 17,634—1—5, in order to enable them to discharge liabilities incurred in the construction of this work; in consideration of such donation they agree to transfer to the Government the full and unqualified right to the building in question.

2. This building is likely to supply a want at present much felt in the city of Mysore, and by its size and situation it is eminently suited for use as a Town Hall. It would, under such circumstances, be desirable that the local Municipality should acquire it in the same way as the Municipality of Bangalore some years ago acquired the Mayo Memorial Hall. But, as the Municipality of Mysore, with the numerous more pressing demands upon them, are unable to provide the funds required for securing the use of the building, the Government of His Highness the Maharaja resolve to pay to the Rangacharlu Memorial Hall Committee the sum of Rs. 17,634—1—5, and thus to acquire full control over the building in question, and after this has been done, to hand over to the Mysore Municipal Board the possession of the building. The Municipal Board should frame rules, subject to the sanction of Government, for regulating the use of the building by itself and the public, for its maintenance, and for the proper care of the grounds attached to it.

3. The payment of Rs. 17,634—1—5 will be made to the Committee by the Deputy Commissioner of Mysore, who will take steps to adjust, out of such payment, a sum of Rs. 9,134—1—5 due by the Committee to the Forest Department for the timber bought and a further sum of Rs. 3,000 advanced to the Committee from the Mysore District Treasury on November 1885. The Deputy Commissioner will assume possession of the building and grounds on behalf of Government, and transfer the same to the management of the Municipal Board as already directed.

4. The Committee have stated in their letter above read that, in accordance with an arrangement entered into by them, the Mysore Literary Union have been allowed to occupy a portion of the building free of rent. The exact nature of this arrangement is not stated, but, as it is not desirable for the Government to acquire a building encumbered by any such arrangement, the foregoing orders are conditional upon the Literary Union accepting in writing the position of a tenant-at-will during the pleasure of the Government, and upon such written acceptance being obtained and submitted for approval and record in the Dewan's Office, the Deputy Commissioner will proceed to complete the transaction as above directed,—the Literary Union being allowed to use a part of the building free of rent until further orders.

Secretary.
